RE: Letter of Recommendation

I am writing this letter of recommendation for the superior services and support provided by Four Seasons Environmental, specifically Nick McDonald and Dom Dufourcq on our new elementary school projects. It has been my experience from working with Four Seasons at a prior school District, and now here at Northwest Local Schools, that they truly offer the best service and support hands down. I believe this begins with its dedicated employees (Nick and Dom). Their high expectations for customer satisfaction and relentless pursuit for the correction or non-conforming work was second to none. This is the type of service which provides the owner, not only piece of mind from an operational standpoint, but the comfort of knowing that you truly got what you paid for. While Nick supported us with his experience and organized approach with the documentation and the persistence to fight for what we believe we were owed, Dom was in the field crawling through every space, observing the operation of every piece of equipment and documenting all non-conforming item. The thoroughness of their work was amazing and of great value to the District. I would not hesitate to ask for these two gentlemen on my next project, in fact, I may demand it! If you have any questions, please do not hesitate to contact me.

Sincerely,

Christopher P. McKee  
Director of Business Operations
