To Whom It May Concern:

It is my pleasure to recommend Four Seasons Environmental, Inc. for construction commissioning and HVAC systems maintenance services.

The Johnstown-Monroe Local Schools have utilized the commissioning services of Four Seasons Environmental, Inc. for multiple construction projects in our district and have found their services to be professional, thorough, and efficient. They have provided invaluable input on our construction projects and have helped us, post project, resolve many issues. In addition, we have employed Four Seasons Environment, Inc. to provide ongoing HVAC systems maintenance which has yielded great value to our district reducing the need to call in various vendors to perform maintenance and repair work.

I would highly encourage any public or private entity to consider the services of Four Seasons Environmental, Inc. for their project commissioning or HVAC system maintenance needs.

Sincerely,

A handwritten signature in cursive script, appearing to read "Dale L. Dickson".

Dale L. Dickson,
Superintendent
